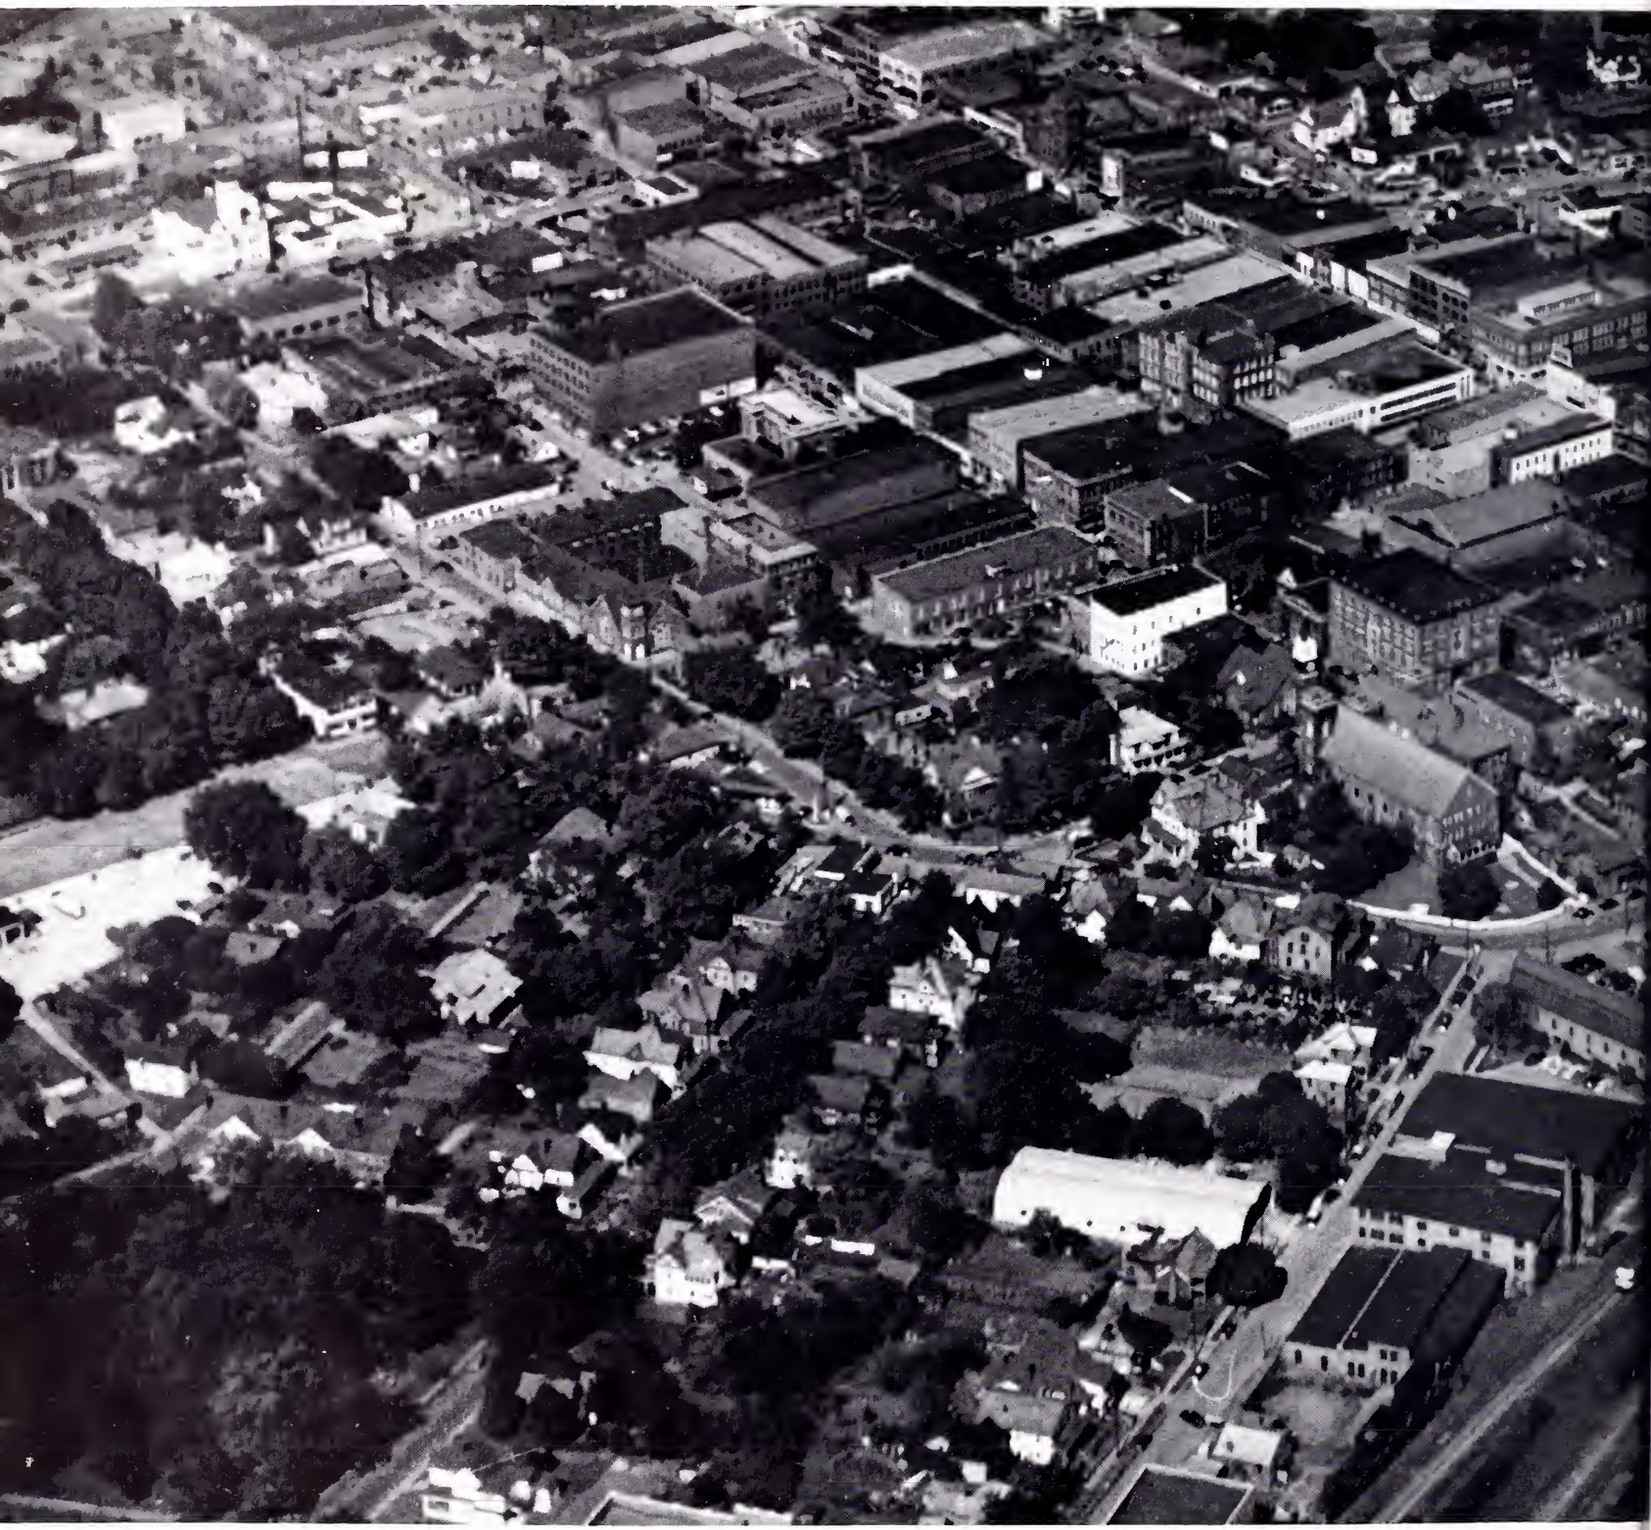
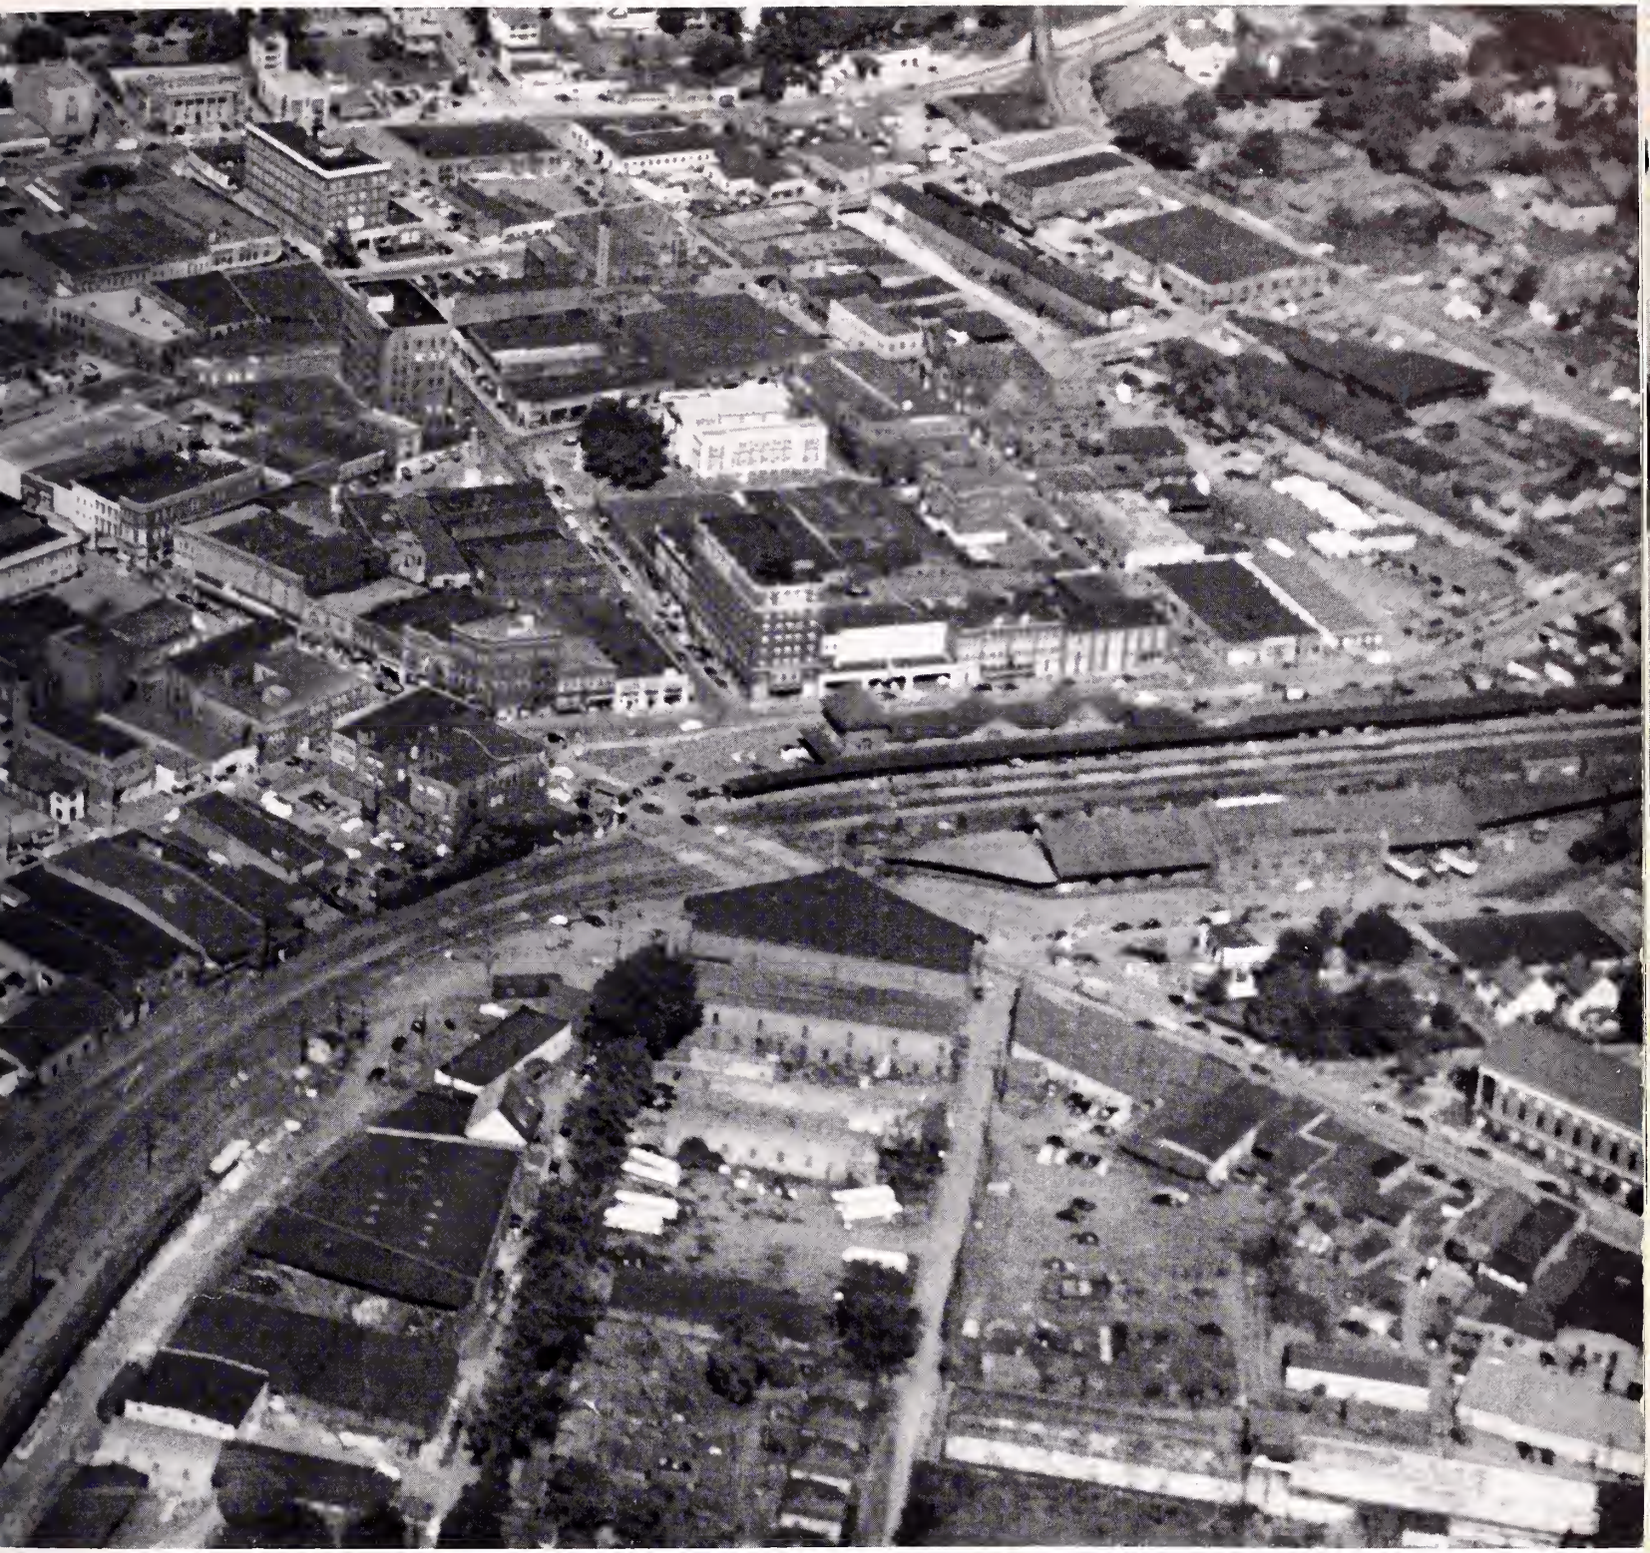
# BRISTOL . . . *A Good*



*Bristol,* Virginia-Tennessee is not only a good place, but a wonderful place to live. With its three colleges, four high schools, and ten or more primary and elementary schools its educational facilities are excellent. Added to these are its churches, homes, business establishments, industries, transportation facilities, and recreational areas.

# Place to Live



The late Mr. Julian P. Moorman expressed our idea beautifully in the words of his song:

*"There is no place*
*In the U. S. A.*
*That can compare with Bristol.*
*Just look around*
*And you will say,*
*It's good to live in Bristol.*

*Come, let's sing and shout for Bristol,*
*It's the place for me.*
*Bristol, built in old Virginia*
*And in old Tennessee.*
*We'll raise a mighty shout for Bristol*
*And to her our praises give.*
*Here's to Bristol, first and always,*
*Bristol . . . a good place to live!"*

# *Dedication*

As students of Virginia High School, citizens of Bristol, Virginia, patriots of the United States of America, we take this opportunity to honor God and our parents.

We honor God by thanking Him for our marvelous parents, who have given us life, leadership and love . . . We honor our parents by dedicating this book to them.

The Class of '53 wants to take this opportunity to say "We thank you each and everyone from the bottom of our hearts" to all the wonderful parents of the students of Virginia High School.

# ADMINISTRATION

Most people think that the students are the most important factors in a school. These people are mistaken; for the faculty holds that position. Without a good and patient faculty it is impossible to have good students and a good all-round school.

The faculty of Virginia High School, in addition to teaching academic subjects, instructs in various fields, including manual arts, fine arts, business courses, music, speech, drama, home economics, physical education, driving, diversified occupations, and guidance. Most important of all they help build the solid citizens of tomorrow.

There are certain fundamental subjects that go into making up a good high school curriculum. History, English, and mathematics are the basis for a well-rounded education.

The faculty members teaching English are Mrs. W. W. Fillinger, Miss Virginia Anderson, Miss Louise Brewer, Miss Audrey Doak, Miss Doris Neal, Miss Mozelle Porter, Mr. Robert Humphreys, Mrs. Mary Peoples, and Mrs. Rosa Baldwin.

The history and social studies instructors are Mrs. L. B. Boatright, Mrs. Nora DeBusk, Miss Emily Gilmer, Miss Mayme McCoy, Miss Doris Neal, Mr. Bob Coleman, Mrs. Frances Boyd, and Mr. Bill Wilkins.

Those instructing in mathematics are Mr. W. C. Rasnick, Miss Etta Hillman, Mrs. L. B. Boatright, Mrs. A. J. Eaton, Miss Betty Huff, Mr. Kenneth Hewitt, and Mr. Jack Miller.

The foreign language department, offering Spanish, French, and Latin, includes the guidance of Mr. Robert Humphreys, Mrs. Nora DeBusk, and Mrs. Mary Peoples.

The science department offers general science, biology, chemistry, and physics. These subjects are taught by Miss Emma Smith, Mr. J. Roscoe Hall, Mr. Kenneth Hewitt, Mr. R. B. Bunch, and Mr. William S. Powers.

Mr. R. P. Dugger and Mr. I. B. Moore teach manual training and mechanical drawing.

Teachers in fine arts and crafts are Miss Emily Gilmer and Miss Mayme McCoy.

The business course offers bookkeeping, office training, general business, and two years of typing and shorthand. Faculty members in this department are Mrs. J. M. Creger, Miss Susan French, Mrs. Hellen Loggans, and Mrs. A. J. Eaton.

The music courses include band, chorus, piano, and music appreciation. These courses are carried out by Mr. Hamp Richardson, Mr. Raymond Kreiner, Miss Eleanor Curtin, and Miss Audrey Doak.

Speech, drama, and expression instructors are Miss Eleanor Curtin and Mr. John Booth.

The home economics department is under the guidance of Miss Martha Baxter and Miss Laura Jo Ellis.

The physical education department staff includes: Mr. Ed Goode, Mr. King Gaut, Miss Irene Brown, Miss Dorothy Cowden, Mr. Robert Coleman, Mr. Jack Miller, Mr. Bill Wilkins, and Mr. Casto Ramsey, driving and athletic director.

The diversified occupations department which provides part-time jobs for the students is headed by Mrs. Frances Boyd

Guidance and educational testing are carried out by Miss Mozelle Porter, Miss Doris Neal, Mrs. Rosa Baldwin, and Mr. W. C. Rasnick.

Miss Leone Cooper is the school librarian and instructor on how to use the library. This is a week's course taught to the underclassmen.

Mr. Carl Holland, Mrs. Ted Francis, Miss Sally Hickam, Mr. John Booth, and Mrs. Laura Toms are the seventh grade teachers.

Mr. Bill Powers, the assistant principal, and Mr. T. T. Hammack, principal, guide both faculty and students.

Although a faculty member's job is to instruct, this is only one of the many things that these teachers do for the students. A good faculty makes good students; and these two groups make a wonderful school.

## Senior S.C.A.

The Student Cooperative Association was organized at Virginia High School in 1939 with Bill Henry as its first president and Mrs. W. W. Fillinger as sponsor. Its purposes have been to promote leadership, to help the school and community, to act as a clearing house for student problems, and to encourage good citizenship.

Every student in the sophomore, junior, and senior classes is automatically a member of the S. C. A.

The legislative body is composed of two councils: The Prefect Council, with its five elected officers and representatives of each of the three upper classes; and the general council, composed of a representative from each homeroom.

Some of this year's projects were regulating the sale of candy at lunch time; awarding student letters to outstanding, graduating seniors; encouraging church attendance; and working on an honor system, the big project of the year.

## Latin Club

Membership in the Latin Club is open to any student taking Latin, and former Latin students who have completed two years of the subject are charter members.

A study of the Latin language and Roman history enriches our minds in many ways. First, the language is a basis for all of the Romance languages. A good Latin scholar can hardly be stumped on the meaning of an English word because ninety per cent of our language is of Latin derivation. From the Romans we get many principles of our government. Art, literature, and sculpture, as well as many ideas about which had a noted place in Rome.

Pins signifying the club are Roman helmets with the name of the school and the year on them.

Since the club is organized as a means of creating interest in the Roman people and their civilization or culture, we have named some of our officers by the titles of their officials. This year Mr. William Humphreys was our sponsor; Alice Roberts, Consul; Babs McLellan, Vice-Consul; Louisa Chew, Praetor; Ann Hassinger, Praetor; and Archer Boswell, nunteies.

# Class History

It was just about six years ago, in the month of September, that a small, bewildered group of students entered the portals of Virginia High for the first time. This small group was destined to become the seventh grade of Virginia High School. At first, we in this group felt very small among all the other students of the school; but we were soon to overcome this feeling.

Our eighth grade year was a new experience for all of us. For the first time we were changing classes as the upper classmen did. This gave us the feeling that we were now a real part of the student body.

Our Freshman year was a year of great experience for all of us. With Bill Gross as class president, and also Junior S. C. A. president, we were ready to begin our high school career. For the first time we were allowed to choose some of the subjects which we wished to take. Though we were then taking different subjects, we still felt that our class was a big part of the school.

Our Sophomore year was the beginning of various school activities for many of us. With Toto Barker as our class president, we began to participate in many school functions. By now, some of us were in such organizations as the band, football team, basketball team, and many of the social clubs of the school. A few of us were even smart enough to make the Beta Club.

Our Junior year was placed before us with a great number of projects which we were expected to accomplish. The first of these was the junior play called "Thanks, Honey." Our next projects were the magazine sales campaign and the Spring Festival. Both of these were highly successful. The last and most important event of our junior year was the Junior-Senior Banquet. This is the annual banquet sponsored by the juniors in honor of the seniors. We all felt that it was a great success. Nancy Rice, as our class president, had faithfully led us through a long and difficult year.

At last, the long awaited day arrived. We were now Seniors. As we slipped our class rings on our fingers, we felt very proud indeed, as this seemed to set us apart from any other class. With Phyllis Leonard as class president, we were to face a year of good times and great expectations. Many wonderful things happened to us this year, but to try to list them all would be futile. It is with a spirit of gratitude that we look back upon these wonderful things.

Now we have come to the end of our high school career. Its years have been rich and full for all of us. As we look back over the past six years, we realize that they have netted us huge profits. We have learned many facts from many books, but the most important thing that we have learned is cooperation with one another. This is a fitting tribute to us, as well as to the educators of today.

# Football

Tazewell — 13 Va. High — 7

Virginia opened its 1952 season against the Tazewell High Bulldogs. Virginia High played a good game against the Tazewellites, who had had much more experience with the "T" formation. Jim Goode and Jerry Kress sparked the Bearcats on defense while Jack Glover played an outstanding game on offense.

Knox Central — 35 Va. High — 6

The Bearcats of Virginia High lost their second game of the season to Knox Central. The Bobcats of Knoxville were favored by weight and experience.

Virginia High's offense was led by Jack Glover, Bill Hager and Captain Jim Goode. The defense was led by Jerry Kress, Bob Johnston, Duke Godsey and "Ike" Hutton. Also outstanding on defense was Arthur Mullins who played a wonderful game from linebacker.

William Fleming — 26 Va. High — 0

William Fleming High School of Roanoke downed the Virginia High Bearcats after the Bearcats had beaten them two years in succession. Sparking the Bearcats were Jim Goode, Bill Hager and Duke Godsey. Jim Goode and Duke Godsey led the Bearcats on defense while the offense was sparked by Bill Hager.

Abingdon — 13 Va. High — 7

The "James Gang" of Abingdon defeated the Orange and Black team in a hard game to the finish of 13 - 7.

The Midgets of Abingdon unleashed a ground attack that the Bearcats could not keep in check.

Playing an outstanding game for the Bearcats were Jack Glover, Charles Almond, and Bill Hager.

BEARCATS TAKE GRUNDY 19 - 14

The Bearcats claimed their first victory of the season as they downed the Golden Hurricanes of Grundy 19 - 14.

Jack Glover, Charles Almond and Jimmy Goode did the scoring for the Bearcats. Also the line of Virginia High stopped several of Grundy's plays without any gain.

Saltville — 33 Va. High — 0

Saltville High's speedy Shakers rolled over the Bearcats to the tune of 33 - 0. The fast running and hard charging backs made the difference between victory and defeat. Virginia High was hampered by numerous fumbles.

Richlands — 6 Va. High — 13

The Bearcats downed the highly-rated Tornados of Richlands by a score of 13 - 6.

The Bearcats came to life in the second half as they won their second game of the season. Jack Glover led the Bearcats offensively and defensively.

Johnson City — 12 Va. High — 7

Johnson City downed the Bearcats by a score of 12 - 7. The victory was no surprise, but the score was a surprise as Johnson City had a powerhouse this year. The Orange and Black touchdown was set up by the sparkling ground work of Jack Glover, Charles Almond and Jim Goode. Duke Godsey led the defense.

Erwin — 6 Va. High — 0

During the first three quarters, the game was evenly divided. The Bearcats threatened to tally twice, getting as far as the 6-inch line. Erwin crossed the goal line in the last two minutes of the game, making the score 6—0.

BEARCATS LOSE CITY CROWN 19 - 0

The Tennessee High School Vikings regained the city's crown by a score of 19 - 0. The Vikings capitalized on the Bearcats' mistakes.

The game turned out better than the score indicated. It was hard-fought from start to finish, but the Vikings took advantage of the breaks.

Several seniors played outstandingly as it was their last game for Virginia High.

CITY CHAMPIONS
1952-53

For the first time in ten years the city championship came to the Virginia High School Bearcats. Both games were highly contested and well played considering the high tension that was evident on both ball clubs. The largest crowds of the season witnessed the contest and a fine feeling of good sportsmanship prevailed among the students and adults (or fans).

The rebounding of Balthis and Eades teamed up with the fine defensive work of Wayne Ingle, Jackie Glover and Ed Morton cut basket after basket from the Vikings offensive play. It was an excellent example of team play.

At the Athletic Banquet, the Lyman Sevier Trophy was presented to the team captains, Ed Morton and Jimmy

Joe Balthis. Silver basketballs were also presented to the team managers, and coaches Bill Wilkins and Bob Coleman by Jack Martin, WFHG sportscaster, for the Jewel Box. Seniors on the team are Ed Morton, Jimmy Joe Balthis, Jack Glover, and Harold Wilson.

Billy Eades and Wayne Ingle were elected by their teammates to captain the 1953-54 Bearcats.

Success for this year's team goes to the fine spirit of the boys, our band, and to the cheerleaders, who led the faithful group of Virginia High students and adult supporters in a tireless effort to pull with the team for victory.

During the District seven tournament held in the Virginia High gym the boys beat Chilhowie by a large score, and lost to Graham in the last few seconds by the small margin of two points. Marion won the District Seven title. Then they went on to win over Clintwood in the State finals to bring back State honors to District Seven.

# 1952 Baseball

CITY CHAMPIONS

The Bearcats had a very successful baseball team in 1952 under the coaching of Mr. Jimmy Flannagan. They played Tazewell, Saltville, Abingdon, Richlands, Marion, Chilhowie and Tennessee High Schools, winning thirteen of fourteen games.

Paul Fleenor and Ed Morton did the majority of the pitching. Fleenor had a 9 - 1 record while Ed Morton had four wins and no losses. Each of these pitchers scored one win over Tennessee High School when the Bearcats won the city championship.

In District Seven competition the Bearcats ended in second place behind Tazewell.

Earl Townsend and Frank Jessee led the team at the plate.

# 1952 Track

DISTRICT VII CHAMPIONS

The Virginia High trackmen were in only two track meets under the leadership of Coach Harris, but came out fine in both. The Bearcats placed fifth in the Milligan relays with a total of 16 points. This was a great victory for the team because they entered only four events and placed in three of them. Earl Townsend tied for third place in the pole vault, the 880 relay team placed second, and the mile relay team, composed of Bobby Stuart, Sammy Marney, Jimmy Goode, and Sidney Spahr, ran away with first place honors. Time: 3 minutes, 43 seconds.

The most exciting event for the Bearcats was the District VII track meet in which the Bearcats were pressed all the way by Saltville. Other teams entering in the meet were Rich Valley, Grundy, Marion, and Chilhowie. Coach Harris took to the State track meet in Charlottesville, Bob Stuart, Sid Spahr, Bob Godsey, Sam Marney, John Wright and Jim Goode; however, the team was very disappointed for the meet was rained out.

Virginia High is especially proud of John Wright, who set a State record in the low hurdles at the District VII track meet.

# DIARY

*Dear Diary:*

September hasn't been half as dreary as we thought it would. After those wonderful class rings arrived we could face anything.

The football game we liked best was the annual William-Fleming game, after which the Alpha Foundation gave a dance honoring the boys.

This month has been gaily decorated by the club initiations. The Key Club boys and Foundation girls really looked ridiculous in their various initiation dress.

The students lucky enough to belong to the Beta Club enjoyed an outing at Monroe's this month and from what I hear they had a swell time.

September was also the scene of the installation of the new S. C. A. officers here at V. H. S. Jerry Cassell was elected to head the organization.

So long for now!

*Dear Diary:*

October has been rather lax as far as outings are concerned because of the cold weather but we have had our share of football games this month — Grundy, Saltville, Johnson City, and Erwin.

One of the greatest events of the school year took place this month. It was the annual band festival with V. H. S. and T. H. S. acting as hosts to the twenty-seven bands taking part in the festival. Our band received superior rating from all three judges, so we must have been pretty good.

Closing this month was a party on Halloween night given by the Moose Club for the students. All clubs took part in making it a success by providing various kinds of entertainment. There was everything from cake walks to motion pictures.

That's all for this month.

*Dear Diary:*

November was an eventful month. We learned many things — how to win, how to lose, and how to do both with good sportsmanship. Our greatest loss was the annual city football game. The Bearcats bowed to the Vikings. We were not to be outdone — three of our boys received positions on the All City Team and two received honorable mention.

After the game there were dances given by both schools to celebrate the game. At the V. H. S. dance Jackie Glover was crowned "Mr. Football."

The Beta Club presented a talent show and you would be surprised at the amount of talent we have at V. H. S.

"Come one — come all, hobos, that is, to the Physics Club Hobo Dance." This was the cry of the Physics Club members advertising the dance. King and Queen were Jerry Cassell and Celeste Dickson.

Thanksgiving was another highlight of November, with the holidays and baskets for needy people supplied by various clubs.

*Dear Diary:*

December was really the month of anticipation. "Only nineteen days until we get out for Christmas."

Getting into the spirit of things, the Hi-Y and Foundation Club had a gay and festive dance. The Key Club boys tossed their hats in the ring and had their dance also.

The real spirit of Christmas came when all the clubs visited their Santa Pals and bestowed all the wonderful gifts and friendship upon them.

We weren't fortunate enough to have a white Christmas but we were to get our share of the "white stuff" later.

Until 1953 — I leave you, Dear Diary.

# DIARY

*Dear Diary:*

Another year gone and a new one started. What can the future hold?

First of all January held exams for the students. Most of them came out alive but vowing to study the coming term.

January was the scene of the Band banquet held at Hotel Bristol.

A few other clubs had dances scattered through the month, but, all in all, January was a month of study for us. We thought it would be best to get off to a good start.

*Dear Diary:*

As always February was a month of hearts and flowers — and plenty of things to do.

The F. H. A. Club had a dance and if the girls are as good at home-making as they are at giving a dance — watch out, boys!

February 14 — now what could that mean? Here's where the hearts and flowers come in. The F. B. L. A. gave a Valentine tea for all the teachers, in an attempt to show the faculty that they are in our hearts. Many of the girls received lovely flowers, and beautiful valentines on this day. Evidently, cupid was around us all, shooting his arrows.

Well, Diary, I believe this is about all for this month, so until — wait! I almost forgot something very important. The athletic banquet was held this month and did everyone have a time? I think you can guess!

*Dear Diary:*

This month was full of events! March came in like a lion with the beginning of the basketball tournament in District Seven. The Bearcats fought to the quarter-finals but there they were defeated.

Joining forces to give an informal dance on Friday 13th, were the Boys' Hi-Y and the Girls' Tri-Hi-Y clubs. Those attending had a swell time.

"Hooray! It's finally here." These were the words of the seniors fortunate enough to be going on the trip to Washington. It was a trip that will be remembered by all of them. Tired, but full of information, they returned home.

The D. O. Club members also attended a convention at Natural Bridge.

On March 24, Bristol observed B. I. E. R. Day and school was closed to give our faculty a chance to visit the various places of employment.

Ending this month was Y-Teen Carnival held in the gym. It was gaily decorated and all had fun.

*Dear Diary:*

Conventions! Trips! This seemed to be the cry of March and April.

The Key Club sent representatives to the regional convention at Nashville, Tennessee.

Members of the Beta Club went to Richmond, Virginia, for a convention there. V. H. S. did not run any candidates for State offices. Need I say that they had a fine time?

Richmond was also the scene of the Tri-Hi-Y Convention. Naturally V. H. S. had representatives there also.

"Suppressed Desires" — What a play! This play was entered in the Play Festival at Charlottesville, Virginia, by students here at the school. They came back with superior rating.

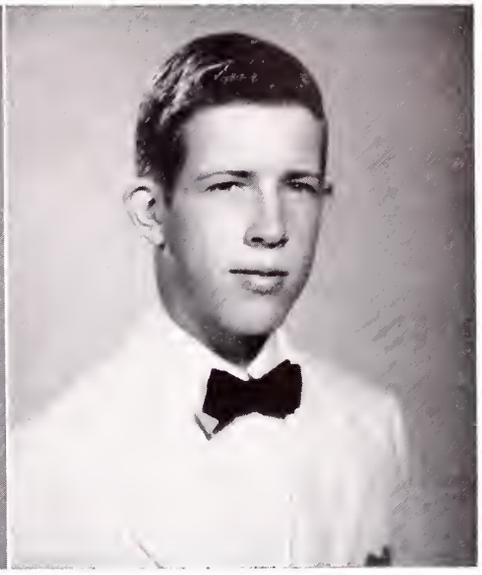
# Superlatives

SHIRLEY GRASHAM

"Miss School Spirit of 1953" or Shirley Grasham—She's still the same swell personality.

Shirley has been a leader of her class. Her activities were Head Cheerleader, President of the Beta Foundation, Reporter on THE LITTLE VIRGINIAN, and Assistant Business Manager of the annual.



BOBBY DAVIS

Bob Davis, a typical Senior, has shown his good will toward the class by supporting all of its activities and always lending a helping hand when called upon. His main activity was being a hard-working Key Club member. He was elected Treasurer for two years.

BETTY KING

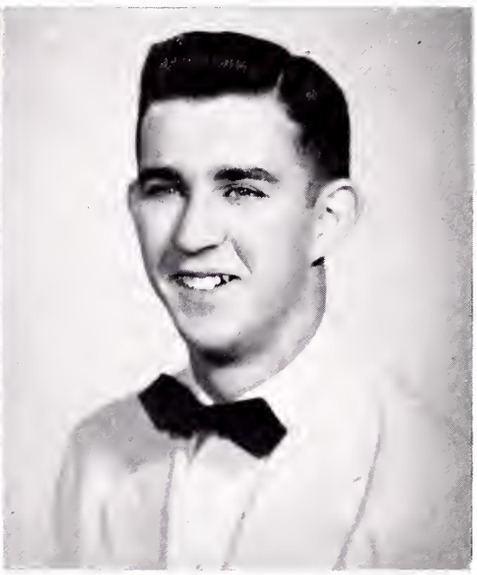
A diligent worker of the Senior class, and of the school, is exactly what Betty King is.

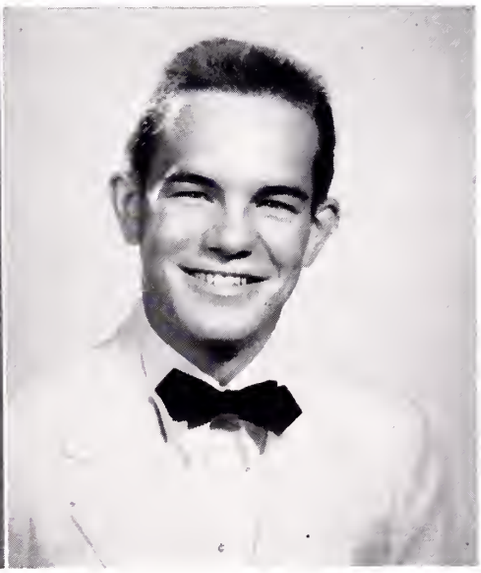
She was President of the Beta Club, member of the Girls' Tri-Hi-Y, Make-up Editor of THE LITTLE VIRGINIAN, and Assistant Business Manager of the annual.

JIMMY GOODE

Captain Jimmy Goode of the 1952-53 football team was a model student and classmate. He was liked and admired by everyone.

Jim was President of the Physics Club, Sweetheart of the Alpha Foundation, Captain of the Football Team, Assistant Sports Editor of the VIRGINIAN, member of the Boys' Hi Y, and member of the Track Team.





NANCY RICE

A guiding light, that is what Nancy Rice has been to her class through the years. Her varied activities were leading the Junior Class as President, being Editor of THE LITTLE VIRGINIAN, belonging to the Girls' Tri-Hi-Y, and working on the Club Council Steering Committee.

HAROLD WILSON

Harold Wilson, indispensable in every sense of the word, with his friendly smile and thoughtful ways, has been a class favorite. A diligent co-operative worker, he has "flashed" on the spot whenever needed. Among his activities were SCA Reporter, Virginian Photographer, member of the Basketball Team, and Key Club and Library Club member.

This sincere and ambitious Senior has a bright future ahead of him.

# Class Prophecy

The road was very dusty — in fact, everything was dusty as I wended my way into my usual retreat to think over the past and dream of the future. As I was thus walking, aimlessly, I stumbled over an old dusty ball, which then attracted my attention. I picked it up, and when I brushed away some of its accumulations, it began to change into a clear crystal. As I gazed intently it changed from clear to misty, and lo! — a stately gentleman was walking leisurely. His face seemed familiar — could it be Tommy Hardin, President of the United States? Ah, I remember, he was the student day mayor in "53". This inspired me to look more fixedly, and I saw a tall man with eagle eyes. Who else but Bob Almany detecting some wrongdoer?

Then I found myself gazing upon some distant lands. In India I saw the missionary team of Patsy Keesling and Shirley Barb, who said they had discovered a new race of men. When last seen Miss Keesling was swinging through the trees. Reporter Ralph Wright is still trying to get the full story. In Germany I saw Dewey Bowers, Johnny Ball, and Doug Hardin as famous military generals. I saw Lester Hodge as a great naval officer; Allen Litz has also shown a love for the blues.

Ho! I found myself gazing upon Hollywood. It was good to behold Carol Watts and Joann Stump just leaving the Coconut Grove after making their fifth appearance. Trudy Hawk had just made her debut at the Metropolitan. Mary Jane Harris is also a great singer and her favorite song is "All or Nothing at All", (meaning men of course). Shirley Grasham, glamorous movie actress, an Oscar winner of last year, is seeking happiness with a third husband. Shirley's motto always has been "If you don't at first succeed, try, try again."

As I moved on to the larger cities, the class of "53" was well represented. In New York Shirley Rogers will open her Paris Dress Shop in a few days. All the clothes are designed by Janis Cowan. The salesladies are Billie Jean Hill and Margaret Burroughs. Betty Ray Fuller and Belva Johnson are the glamorous models.

I saw Jim Honaker making quite a name for himself in the public accounting business. His efficient secretary is Mary Jane Dishner.

In Washington Times Square I heard Congressman Harold Wilson make a speech. This world could use more men like Mr. Wilson. Barbara Deans has also been in Washington and after having been defeated on the Republican ticket for vice-president she returned home last night to husband Benny and the red-haired twins.

The crystal changed again. This time it showed the University of Virginia. There I found my old classmates Bob Harris, Jerry Cassell, and Joe Mumpower (who are world famous surgeons), performing an operation on David Jarrett, who had the misfortune of being thrown down a staircase. Nurses aiding the slaughter were Marie Davis, Nancy Rice, Betty King, Bobbie McGraw, and Sylvia Francis.

Then swiftly the scene shifted to old Virginia High. There I saw Don Smith, the superintendent, and Mrs. Smith making many plans. Mrs. Smith is the former Mary Lou Carter. And what was the occasion for the plans? A farewell party for R. D. Dickenson. Phyllis Leonard, senior English teacher, had finally passed him. Bill Morrell, principal, was present for the celebration.

Now V. H. S. is making history in the world of sports. Billy Eades and "Tall Jim" Baltiis are the new basketball coaches while Billy Earp is in charge of football. They use a new system. They pick out a first team, seat its members on the bench, and start the substitutes.

Former V. H. S. Amazon Girls, are making quite a name for themselves. Members of the team are Kathryn Baker, Barbara Feathers, Shirley Lee, and Mary Jayne Leonard.

And now on to downtown Bristol. The pawn shop of Jack Moore and Norman White was entered late last night. Everything was missing from the store but the wall paper. Officer Jim Boring said he suspects thievery; Judge Bob Davis says he will give the maximum penalty.

The Barter Theatre will give "The Loves of Frankenstein" at the Paramount next week. "Stooky" Crockett and Diane Funkhouser will take the leading roles. Others in the cast are June South, Peggy Pruett, and Jane Bonham. The owners of the Paramount, Mr. and Mrs. Melvin Crane, expect a full house. As you know, Mrs. Crane is the former Virginia Proffit. They are expecting some competition from the Columbia, owned by Ralph Clark, who is sponsoring the Three Aces and Black Spade. The Aces are Carl Trivett, Joe Goodman, and Ed Morton. The Black Spade, of course, is Arthur "Moon" Mullins.

Several new establishments have been erected in Bristol by members of the class of "53". Sylvester Blevins is the prosperous owner of the new skating rink. Mr. and Mrs. Johnny Worrell are doing great in their Euclid Avenue Service Station. Mrs. Worrell is the former Betty Walden.

The White Laundry will open in a few days. It is owned by Pat and Dot. Romona Roberts will be their business manager.

Bob Meegan, famous lawyer, is defending Larry Hysler in a world interest case. Larry is accused by Jimmy Williams of being a home breaker.

Vann Thomas and Silas Van Hoy are presidents of the local colleges, Sullins and V. I., respectively. They started training for their positions in early high school. Jimmy Goode is also interested in the education of girls. He is affiliated with Sullins.

Misses Betty Jo Brady, Charlene Snodgrass, Peggy Sutton, Naomi Booher, and Mary Richards have made the semi-finals in the national typing contest. The winner is to be awarded a medal by President of the Fat Man's Club, Woody Kent.

Mrs. Douglas Keesee, formerly Miss Emma Jean Leonard, will entertain tomorrow for the newly elected members of the D. A. R., Peggy Linnen and Jane Parrish.

Joan Bouton is private secretary to James Garrett, Governor of Virginia.

# DIARY

(Continued from Page 92)

"May I have this dance?" That's what most of the girls who were at the Y-Teen spring dance heard all evening. Naturally, they obliged the boys by saying "Yes."

*Dear Diary:*

The end of school is nearing and we seniors thought we would be happy to see the month arrive, but we're feeling kind of strange now that it's here. The juniors are feeling rather anxious since they will be the seniors next year — class rings and all.

May was filled with many outings and dances.

The best dance of all for the juniors and seniors was the Junior - Senior Banquet. Oh! It was simply glorious. It's a night we'll never forget.

For the seniors, May 31 was a Sunday of remembrance also. It was Baccalaureate Sunday and we were dressed in the traditional robes.

*Dear Diary:*

This will be my last entry for some time.

There were only eight days of this month spent at V. H. S. For most of the seniors there were only six days spent here.

You might call June the month of the Seniors because they are really the ones who have the most to do in the very last days of school.

After exams were over we hardly had time to think about much of anything — except the coming graduation of our seniors.

Running through the minds of the seniors were thoughts of graduation and what next.

A grand and glorious time was had by all on the senior outing at Hungry Mother Park. You would be surprised at the amount of food they ate!

Class night and all was well. A night filled with surprises for all. Honor upon honor was bestowed upon worthy seniors that night.

The class song, the prophecy, the history — all of these were a part of the night.

Practice — Practice for Commencement night and then Commencement itself. It was truly a night of rejoicing and sorrow. Each of us had reached a milestone along the highway of education — maybe all of us were not graduating but we reached a higher bracket in the field of education.

School hasn't been all reading, writing, and arithmetic. It has been a combination of all sorts of things — social as well as educational.

We all leave V. H. S. with memories and friendships, cherishing both; and hoping to return to these familiar halls some day. Some will be back next year — some will not — and to those who will not we say "farewell and remember these days and us always."

*Dear Diary:*

Much as I hate to do it — I must close for now and end a wonderful year. So long.

Nancy

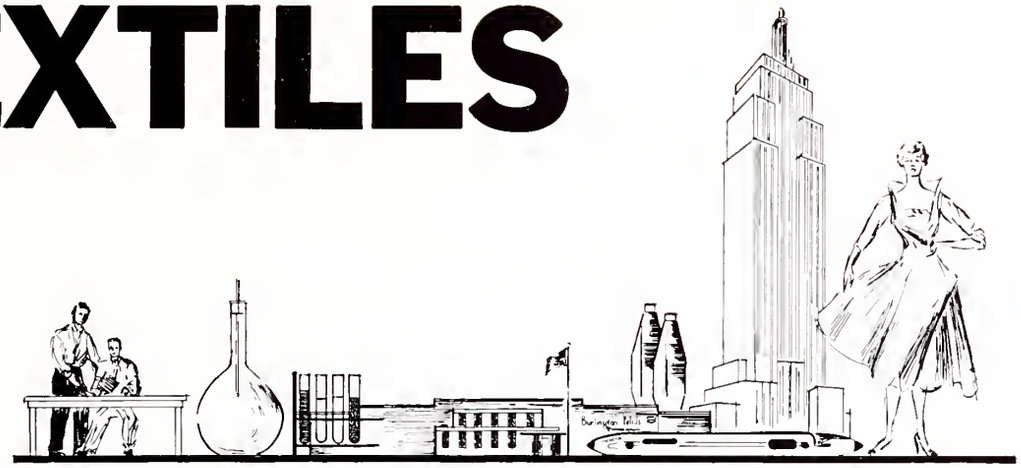
# THERE IS A FUTURE IN

# TEXTILES



MANUFACTURING • DESIGNING • DEVELOPMENT • RESEARCH • MERCHANDISING • FASHION

The world's oldest manufacturing industry—textiles—is today one of our most exciting and challenging industries, producing revolutionary textile products with qualities which men have sought for centuries. Man-made fibers, new products of the chemist's test-tube, have been a major contributor to this textile progress.

A small textile producer in 1923, Burlington Mills believed in the future of rayon—an early man-made fiber. In the past 28 years Burlington has become a leader in the development and production of beautiful, durable and high-quality filament, spun and knit synthetic fabrics. From one plant with approximately 200 employees, our Company has grown to include 73 manufacturing plants in 43 communities of eight states and four foreign countries. Employing 34 000 people, Burlington is today the world's largest producer of synthetic fabrics, and it is a recognized leader in the designing, development, research, merchandising and fashion fields as well as manufacturing.

If you are a young man or woman looking for a place in industry, we think you should consider textiles—and Burlington. It can hold a bright future for the person with the willingness to learn, ability to work, and the natural interest in this fascinating and competitive field.

# Class Prophecy

(Continued from Page 100)

Bill Haga is advertising agent for Gene Hutton, president of the Lonely Hearts Association.

Shirley Gilbert is a nurse in the U. S. Army.

As the ball continued to revolve I saw Sue Jessee selling popcorn in Ringling Bros. Circus. Oh, well, that girl always did have sawdust in her head.

Jackie Glover is the new head of the "Social Security for the Aged." The "old man" thinks there should be a special fund for the penniless bachelors.

Farene Hopkins and Shirley Hudson have established a day nursery for the children of their former classmates, Mary Lynn Graybeal, Loretta McDevitt, Martha Trivette, Ann Holloway, and Louise Rouse. Barbara Young is teaching kindergarten now.

Larry Akers and Dickie Long are chief engineers at the DuPont Airplane Company. Bobby Stevens is their main mechanic.

Bill Opengari and Gene Malcolm are the co-owners of the Kipper-Snack Market. Some of the clerks are Sue Settle, Phyllis Porter, and Betty Kent. Their efficient cashier is Jewelfen Tolbert.

Lester Moretz and Valen Miller are doing quite well in their Chicago real estate office. Business became so good they hired several new secretaries. They are Joann Estep, Ruth Ferguson, Lois Burnette and Janie Booher.

Jim Humphrey was seen directing the Navy Band while another musical member of our class, Eugene "Cotton" Hutton is directing the world's largest Glee Club.

Jack Farmer, president of the First National Bank, is really in the money. His secretary is Fay Powers. Head tellers are Jim Carlson and Jimmy Lynn. Peggy Green and Patsy McKinney are their private secretaries.

Nancy Venable and Jane Phillips are the ski champs of the Olympics.

Charles Sharrett has reached his life's ambition — sponsor of Virginia High's S. C. A.

Lo! The inorganic ball assumed its former appearance. Nothing was left to prove the truth of its revelations — yet I was consoled to have found much assurance of the success of the class of "53".

Nancy Johnson, *Prophet*

Don,
I've enjoyed being in your room this years and I hope we'll be in some more classes together in the following years.
Best Wishes.

Love,

Don, pal,
Honestly I can't see how I would have gotten by this year without someone to wake me up after I came to school in the morning. I really enjoyed it, tho. I guess. Ha.
